

Journal of Industrial and Intelligent Information

CONTENTS

Volume 4, Number 3, May 2016

Mechanical and Manufacturing Engineering

Intelligent Integration of SPC/EPC for Quality Control and Fault Diagnosis191
Hsuan-Kai Chang, Awni Qasaimeh, Susan S. Lu, and Huitian Lu

Unbalancing Capacity: A Possible Way of Reducing Work-in-Process Inventory198
Rogério F. da Silva, Renelson R. Sampaio, and Francisco U. Passos

Lotus Mechanism: A Novel Concept for Primary Mirror Deployment204
Parth P. Prajapati and A. R. Srinivas

Industrial Engineering and Management

A Preprocessed Counterpropagation Neural Network Classifier for Automated Textile Defect Classification209
Mokhlesur Rahman and Tarek Habib

The Study on Innovation Hub for Biomaterial Research and Business Development in Korea.....218
Heekyung An and Kangwon Lee

System for Remote Meter Reading and Load Management in Electric Utility of Belgrade.....224
Ivana Vljajic Naumovska, Emil Naumovski, Srdjan Milosevic, and Milos Milosevic

A Preliminary Study on Industry 4.0230
Ateeq Khan and Klaus Turowski
