CONTENTS

Volume 1, Number 4, December 2013

Spectrum-based Fault Localization: A Pair Scoring Approach.....	185
<i>Patrick Daniel and Kwan Yong Sim</i>	
A Framework for Developing Boolean Set Implicit Blends from an Existing Union or Intersection Blend in Soft Object Modeling	191
<i>Pi-Chung Hsu</i>	
Confidence Interval Estimation of Software Reliability Growth Models based on Ohba's Inflection S-shaped Model	196
<i>Tean-Quay Lee, Chih-Chiang Fang, and Chun-Wu Yeh</i>	
Adoption of New Information Economics to Achieve Information System Success in IS Outsourcing Implementation	201
<i>Napaporn Petchinda and Settapong Malisuwan</i>	
In-Memory Modeling and Analytics as-a Service in Cloud.....	211
<i>Prabal Mahanta and Dhwanit Shah</i>	
ICT Outsourcing Information Security Risk Factors: An Exploratory Analysis of Threat Risks Factor for Critical Project Characteristics	218
<i>Nik Zulkarnaen Khidzir, Azlinah Mohamed and Noor Habibah Arshad</i>	
Study of Brand Affinity and Crowd Craze.....	223
<i>Prabal Mahanta and Kapil Ratnani</i>	
Challenges in Requirements Engineering for Mobile Applications for Disabled–Autism	226
<i>Mutahira. N Tahir, Sehrish Khan, and Arif Raza</i>	
Location Estimation of Wireless Sensor Networks Using Spring-Relaxation Technique with Confident Update	231
<i>Thanakorn Prasansri and Chatchai Khunboa</i>	
An Automated Video Classification and Annotation Using Embedded Audio for Content Based Retrieval	235
<i>Anil Kale and D. G. Wakde</i>	
The Mathematical Modeling Research of Interest Allocation in the Third-party Automobile Logistics Partners.....	239
<i>Liang Han, Ying-chun Sun, and Xiang-mei Si</i>	
Noninvasive Sensor Technology for Total Hemoglobin Measurement in Blood.....	243
<i>Kumar. R and Ranganathan. H</i>	
Process Flow Chart and Factor Analysis in Production of a Jute Mills	247
<i>Md. Shakil, Md. Rahamat Ullah, and Mostafa Lutfi</i>
